If the City is unable to enroll them in such a program within one (1) year of their date of hire, then the three (3) years will be extended to four (4) years. If the City is unable to enroll the newly hired Firefighter-EMT in a program within two (2) years of their initial appointment, then the four (4) years will be extended to five (5) years. Firefighter-EMTs will not move past Firefighter Step 1 salary level if they are enrolled in a paramedic program prior to their first anniversary date. Step movement in that case will occur only after paramedic certification is achieved and movement will be to the appropriate salary step based upon their total service with no retroactivity. If the City is unable to secure a paramedic program for a firefighter within one (1) year of the date of his appointment, he shall move to Step 2 and will remain at that step until paramedic certification is achieved, at which point he shall move to the appropriate salary step based upon his total service without retroactivity. Step movement will occur each year so long as the City is unable to enroll a newly hired Firefighter-EMT in a paramedic program. The Firefighter-EMT will remain at whatever step they are in at the time of enrollment and will not move to the next step until having successfully completed paramedic certification.

(2) A Firefighter-EMT who fails to obtain paramedic certification as a result of going through a certified paramedic program and allowing for a retest in the event that the initial certification test is failed shall be terminated by the Department without recourse to the disciplinary procedure.
