Approval of Public Authorities Accountability Act Documents

Annual review of documents prior to submitting in accordance with Public Authorities Act

The Public Authorities Reform Act of 2009 (Chapter 506 of the Laws of 2009) requires many measures designed to improve the oversight and accountability of New York's public authorities. Reporting requirements including mission statements, measurement reports and capital projects reporting will provide more information on authority operations. In addition, the State Comptroller is granted discretion to review certain public authority contracts ensuring a higher level of oversight of public authority contracts.
