The Mayors Proposed Budget Message
Presented to the Board of Estimate and Apportionment
Mayor Robert M. Palmieri
City of Utica, New York
February 7, 2022

Protecting the City of Utica's fiscal health is the top priority of my Administration. The COVID-19 pandemic, and the subsequent variants, have presented unique challenges. However, in working collaboratively with City Comptroller Bill Morehouse, the Board of Estimate and Apportionment and the Common Council, we've taken strategic and fiscally sound actions to ensure Utica remains on a positive financial trajectory.

This positive trajectory has been recognized by all the financial rating institutions. Over the past several years, Fitch Ratings, Moody's and Standard & Poor's Global Ratings (S&P Global) have all upgraded Utica's credit rating; with Utica achieving an "A" rating with S&P Global for the first time in the city's history.

One of the city's most significant financial successes is the rebuilding of our fund balance. The Government Finance Officers Association (GFOA) recommends a \$12 million fund balance given the size of Utica's budget. In 2012, the city's fund balance was **negative** \$15,000.

Last month, the city secured its 9th consecutive budget surplus; increasing our fund balance to over \$11 million, its highest level in decades. To go from a fund balance of **negative** \$15,000 (2012) to over \$11 million in ten years is a tremendous accomplishment, but we are not yet at our goal.

A key indicator of economic development is growth in sales tax, and the city has seen a consistent increase in its sales tax revenue. Specifically, the city's sales tax has increased by 22% since 2013.

Another significant financial accomplishment is the expansion of our tax base. The city's assessment roll increased by \$7 million compared to last year. This is the result of high levels of construction occurring throughout the city, and the outstanding work of Urban and Economic Development as the city has successfully marketed and sold over 800 foreclosed properties to private developers since 2012.

The cumulative impact of budget surplus', increase of fund balance, expansion of our tax base and increasing sales tax revenue has a substantive and positive effect on the budget. As a result of these fiscal improvements, the city now has the financial resources and capability of doing something that would have been inconceivable 10 years ago; implement a self-insurance plan. *If the city had not achieved the fiscal means to implement self-insurance, our health insurance rate would have increased by 15% this year; which equates to a 4% property tax increase.* As such, by transitioning to self-insurance, the cost of health insurance will be reduced for every employee and our tax-payers. In addition, the city is providing all of the benefits our employees have as the plans are identical. This is a remarkable achievement and a “win-win” for everyone.

In order to build on this progress, the city must continue to foster economic development and invest in our community. The funding allocated through the American Rescue Plan Act (ARPA) presents a unique ability to expand opportunities and quality of life for our residents. After soliciting public input, the city announced, and is implementing, the first two phases of its ARPA plan which includes the following;

- Additional street paving & sewer infrastructure improvements
- Improvements to city parks and recreation
- Assistance to small businesses
- Expansion of child-care
- Investment in residential rehabilitation
- Increased resources for law enforcement to combat gun violence
- Investment in affordable housing projects
- Programming and support for low-income children and students preparing for college

- Investment in quality of life assets
- Opportunities for at-risk and minority students to have a career path in public safety

The Administration appreciates the public's input in this process and is excited to execute these initiatives. We will be announcing Phase III of the city's ARPA plan in the coming weeks.

After several meetings with department heads and our budget team, the proposed budget for FY 2022-2023 is \$74.4 million, which increases spending by less than 1% annually over a 14-year span. Given the increases in mandated costs over the past decade, this is a strong testament to the city's continued fiscal discipline.

Due to our fiscal discipline, I am pleased to announced my FY 2022-2023 proposed budget comes with no tax increase.

I emphasize to the Members of the Board of Estimate & Apportionment, the Common Council and public that approximately 90% of the proposed budget is comprised of mandates and contractual obligations. Given this reality, it will be very difficult to maintain the services our residents deserve should this budget be cut or reduced.

The track record and credibility of this Administration in improving the finances of Utica is strong. For the eleventh consecutive year, I am proposing a fiscally responsible budget which provides the services and resources needed for continued economic development.

Together, we have made a significant impact in improving Utica's outlook and future. I look forward to working with residents and my colleagues in city government as we strive to keep Utica moving in the right direction.
