<p><b>B.6</b></p>	<p><b>Progress Report.</b> The City of Utica Section 8 Program continues to monitor the impact of the COVID-19 Pandemic on program participants, owners, and applicants. Several mechanisms have been implemented to address the needs of those we serve and reinforce our commitment to assist persons in need of safe, decent and affordable housing. These mechanisms include: Cares Act Waiver extensions (see attached); increases to program payment standards to assist in quicker participant lease up and program utilization rates; expedited interim adjustments; implementation of the new Emergency Housing Voucher (EHV) program; and client referrals to local Empowered Pathways Landlord/Tenant Mediation Services for landlord/tenant disputes that arise outside of PHA jurisdiction.</p> <p>In addition to the mechanisms listed above, our clients were provided with a series of landlord/tenant engagement tools including new landlord incentive opportunities in EHV, ERAP information, consultations on repayment agreements, and other emergent resources from community service providers. We've recently collaborated with a local landlord engagement specialist in the CoC to combine resources, better identify and address program misconceptions, and provide program education to the public.</p> <p>The City of Utica Section 8 Program continues to promote EHV, HCV, FSS, FUP, PBV and Homeownership programs throughout the community and is actively working with local media outlets to educate the public on the availability of such programs, with an emphasis on the new EHV program. Section 8 recently provided two televised media interviews and released educational information via the city's social media page and program website to raise continued awareness.</p> <p>The City of Utica has executed the new EHV program which allows us to further assist our most vulnerable populations with housing stability, and serves those impacted by homelessness, at-risk of homelessness, domestic violence, and human trafficking. We are currently in receipt of CoC referrals and are actively issuing vouchers and assisting EHV clients with lease up. The EHV program has fostered a deeper collaboration with local service providers within the CoC-518. This collaboration has allowed the program to better identify and address the everchanging needs of persons in our community in need of safe, decent, and affordable housing during the pandemic and eviction moratorium.</p> <p>The program remains an active member of the local CoC-518 and the Lead Prevention Coalition. We also provide program representation on two new community engagement groups, including; The Mayor's Housing Stability Task Force, and The Oneida County Homeless (Oneida Square) Task Force. These two new groups were created to address homelessness and housing stability during the pandemic and eviction moratorium.</p> <p>We are currently in the process of updating program software to better facilitate remote communications with our client base, streamline the sharing of program documentation, and allow for e-signatures. We anticipate these updates will allow for expedited program processes including an increase in efficient communications and program assistance. Currently, all program staff are in the process of training on the implementation of the new software capabilities through Happy.</p> <p>The program continues to work on staff development. We have applied various staff trainings throughout the year through Nan McKay and AH Forward to ensure the continued compliance of program regulations and enhance overall program performance as new staff and administration are welcomed into our office. The program had a successful audit with no findings, and continues to maintain a high performer status on SEMAP (waived this year due to COVID).</p> <p>The Section 8 Program formed new partnerships with the local Latino Association, The City of Utica's Community Engagement Director and Compass Interpreters to assist in the recruitment of diversified staff members with bilingual abilities to reflect the population being served by our programs. We have successfully hired two new staff members that meet our program's diversity needs. This collaboration with community partners will continue as part of our recruitment process for future vacancies.</p>

- The system of site-based waiting lists provides for full disclosure to each applicant in the selection of the development in which to reside, including basic information about available sites; and an estimate of the period of time the applicant would likely have to wait to be admitted to units of different sizes and types at each site;
  - Adoption of a site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
  - The PHA shall take reasonable measures to assure that such a waiting list is consistent with affirmatively furthering fair housing; and
  - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR 903.7(o)(1).
