NOTICE OF FUNDING AVAILABILITY FOR THE COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG), EMERGENCY SOLUTIONS GRANT (ESG), AND HOME INVESTMENT PARTNERSHIPS (HOME) FOR PROGRAM YEAR (PY) 2022 - 2023

Background

This Request for Proposal (RFP) announces the availability of federal funding for the Program Year (PY) April 1, 2022, through March 31, 2023, for the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG) and HOME Investment Partnerships (HOME) Programs.

The CDBG Program is funded and regulated at the federal level by the U.S. Department of Housing and Urban Development (HUD) and administered locally by the City of Utica, through the City's Department of Urban & Economic Development. The CDBG Program is authorized under Title I of the Housing and Community Development Act of 1974. The regulations implementing the CDBG Program are located in 24 Code of Federal Regulations (CFR), Part 570.

The Emergency Solutions Grant Program is authorized under the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) which amended the McKinney-Vento Homeless Assistance Act in order to engage the homeless living on the street, improve the number and quality of emergency shelters, provide operating assistance to those shelters and essential services to shelter residents and to prevent increases in the homeless population.

The HOME Investment Partnership Program is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act to expand the supply of decent, safe, sanitary and affordable housing for very-low and low-income citizens.

The goals of these programs are in accordance with the City's Five-Year Consolidated Plan as well as with the 2022 – 2023 Annual Action Plan, which is being developed and seeks the development of a viable urban community through implementation of the following National Objectives:

- Assistance to persons of low- to moderate-income
 - Safe and decent affordable housing
 - A suitable living environment
 - Expanded economic opportunity

- Aid in the elimination of slums and blight

The information and application that follows is specific to agencies and organizations that are interested in applying for Community Development Block Grant (CDBG) funds. For more information on applying for funding through the Emergency Solutions Grant (ESG) Program or the HOME Investment Partnerships (HOME) Program, please contact

Michael Peek, Housing Development Specialist via e-mail to mpeek@cityofutica.com or via phone to 315-792-0181.

Eligibility Information

Incorporated nonprofit agencies that primarily serve low and moderate-income Utica residents are eligible to apply. Proposals must meet a CDBG National Objective to be considered for funding.

CDBG Program Funding

The total amount of CDBG funds awarded to the City for Program Year 2022 - 2023 is estimated to be \$2,601,182 based on 2021 – 2022 funding levels. CDBG program funds are not anticipated to be available until August 2022 at the earliest. As CDBG funds are made available on a reimbursement basis, potential applicants should plan accordingly for the delay in approval and release of the funds by the federal government after the official April 1, 2022 start of the program year.

CDBG regulations specify the types of eligible uses of CDBG funds and establish funding limits for certain types of activities:

- No more than fifteen (15%) percent of the total grant, including estimated program income, (estimated \$390,177) can be spent on Public/Human Services.
- Twenty (20%) percent of grant may be used for the City's administrative costs (estimated \$520,236).
- At least 70% of the available funds must be used for activities benefiting low- to moderate-income persons.

1. Activity Description

Provide a detailed description of the proposed activity to be funded that clearly specifies the location of the proposed activity and the clientele to be served by age, sex, race, or a different distinguishing demographic characteristic.

2. Activity Problem & Need Statement

Describe the community need to be addressed by the activity, including a description of the problem/need to be addressed by the activity and the manner by which the problem/need was identified.

3. Activity Goals

Describe in detail the anticipated goals of the proposed activity.

4. Activity Objectives, Outcomes, and Outputs

HUD has prescribed specific objectives and outcomes to be used for all CDBG-funded activities in order to standardize achievements at the local, state, and national-level. Please evaluate and describe your proposed activity according to the following definitions. Identify which objectives your activity will address, then identify the proposed outcome that your activity will achieve; please choose the best single objective and outcome. Bear in mind that, if funded, your information will be utilized in the preparation of the 2022 – 2023 Annual Plan and your accomplishments are required to be included in the quarterly and year-end progress reports and the City’s Consolidated Annual Performance Evaluation Report (CAPER).

a. Objectives

Suitable Living Environment - Includes activities that benefit communities, families, or individuals by addressing issues in their living environment such as public services, emergency essential services, capital improvements, neighborhood revitalization, etc.

Decent Affordable Housing - Includes the wide range of housing programs possible under HOME, CDBG or ESG where the purpose of the program is to meet individual family or community needs and not programs where housing is an element of a larger effort (such as would be captured above in Suitable Living Environment).

Creating Economic Opportunities - Includes activities related to economic development, commercial revitalization, or job creation.

b. Outcomes

Availability/Accessibility - Activities that make services, infrastructure, housing or shelter available or accessible to low-income people, including persons with disabilities. Accessibility includes making the affordable basics of daily living available and accessible to low-income people.

Affordability - Activities that provide affordability in a variety of ways in the lives of low income people; includes the creation or maintenance of affordable housing, basic infrastructure, or services such as transportation or daycare.

Sustainability - Promoting Livable or Viable Communities. Projects where the activity or activities are aimed at improving communities or neighborhoods, helping to make them livable or viable by providing benefit to low-income people or by removing or eliminating slums or blighted areas, through multiple activities or services that sustain communities or neighborhoods

5. Activity Justification

If the proposed activity has been funded in previous years, include an explanation of the reasons supporting why continued funding is required.

6. Self-Sufficiency

Describe how your organization plans to make this activity self-sufficient; include identification of alternate funding sources or the possibility of partnering with other community organizations. If there is no plan to make the activity self-sufficient, explain the reason. In addition, if the organization requesting the funding has been funded consistently in the past, explain how continued funding will fund new activities. The City will give priority to those projects that fund new or expanded activities or services, as opposed to ongoing administrative costs.

7. Organization Description

Provide a listing of agency personnel and their titles that will be involved in the proposed activity. Also, list all Board members for the organization (voting and ex-officio). Identify any potential conflicts of interest. Finally, describe your organization's current ability and qualifications to carry out the proposed activity.

8. Contingency Plan

In the event CDBG funds are not granted for this proposed activity, in whole or in part, or other funds anticipated to fund this activity are not received, describe the actions to be taken by your organization.

9. Activity Budget

Using the attached forms, provide details on the anticipated budget for the proposed activity. Note that one of the budget forms applies to proposed "construction" activities, while the second budget page applies to proposed "program" activities.

Applicants should be aware that construction projects will likely require compliance with federal Davis-Bacon wage requirements and budget accordingly.

CERTIFICATION: I hereby certify that the information contained in this proposal is true to the best of my knowledge. I do hereby agree to comply with all requirements of HUD Regulation 24 CFR 570 and other applicable Federal Regulations.
